Objective

As a recent graduate, I am looking to secure an entry-level position in a professional environment that will allow me to use my education and experience. I am eager to learn new skills and contribute positively by using my enthusiasm for problem solving communication abilities, organizational skills and knowledge of the latest technology. My goal is to be an asset within the organization while furthering my own development through meaningful work assignments.

Experience

Software Developer Intern

TCWM Solution Inc

February 2022 to November 2022

- Worked alongside senior employees to upgrade network features in the company's best-selling software product.
- Focused on user experience design to meet users needs head-on.
- Designed and drove the vision and implementation of features and game systems.
- Developed ideas for gameplay throughout the player life cycle.
